PRESS RELEASE

The AMMC launches its Fintech portal

Rabat, 3 August 2022

The Moroccan Capital Market Authority has launched a new FinTech portal on its website. This portal has been designed to support market players in their projects and promote the development of new technologies that will help transform the financial sector.

For the Moroccan Capital Market Authority, supporting the appeal of the capital market also means embracing innovation in the financial industry. The Authority has placed innovation support at the heart of its 2021-2023 strategic plan and intends to work closely with project leaders to promote the development of new technologies in the Moroccan capital market.

The "Fintech" portal, launched on the website of the Moroccan Capital Market Authority, will allow project leaders to exchange with the AMMC and to inquire about the legal framework applicable to their companies. This tool has been designed to facilitate exchanges between the AMMC and companies involved in the innovative financial technology sector.
