

PRESS RELEASE

THE MOROCCAN CAPITAL MARKET AUTHORITY LAUNCHES THE FIRST EDITION OF THE "AMMC CAPITAL MARKETS SEMINAR"

An innovative one-week programme to promote sharing supervisory experience, strengthen regulatory convergence and consolidate regional cooperation in the face of emerging financial challenges

Rabat, 8 October 2026

From 5 to 9 October 2026, the Moroccan Capital Market Authority (AMMC) is holding the first edition of the AMMC Capital Markets Seminar (CMS) at its headquarters in Rabat. The event brings together 35 representatives from 10 capital market regulators from Africa and Middle East.

Designed as a platform for peer-to-peer exchange, the seminar is part of the regional cooperation momentum led by the AMMC, in a spirit of proximity and partnership. It reflects the Authority's commitment to building the capacity of regulators in its partner countries and strengthens Morocco's role as a leading player at regional level.

At a time of growing interconnection between economies and faster transmission of risks, cooperation among regulators is a key lever. Such cooperation makes it possible to anticipate developments, share experience and foster regulatory convergence.

The program of the seminar is structured around key themes that cover the entire capital market value chain: regulatory frameworks and governance, supervision of intermediaries and asset management, market infrastructures, inspections and sanctions, financial reporting and ESG, innovation and digitalisation, and investor protection.

Built around a resolutely practical and innovative approach, the seminar offers participants an immersion in the Moroccan experience. This experience draws on the reforms undertaken and the tangible achievements of the national market, presented by the AMMC and the ecosystem players who led them. The programme is further enriched by the expertise of the AMMC's international partners, such as the International Organization of Securities Commissions (IOSCO) and the World Bank.

PRESS RELEASE

A first in the region, the AMMC Capital Markets Seminar is intended to become an annual event, thereby contributing to the emergence of a regional community of regulators united around common challenges and a shared ambition: building sound capital markets that finance the economies and support the development of the region.

About the Moroccan Capital Market Authority (AMMC)

The AMMC is the regulatory authority for the Moroccan capital market. Its mission is to ensure the protection of investors in financial instruments, and the smooth operation and transparency of the Moroccan capital market.

A member of the International Organization of Securities Commissions (IOSCO) since 1996, the AMMC signed the IOSCO Multilateral Memorandum of Understanding (MMOU) in 2007, making Morocco the 44th signatory country and the 3rd African country.
